

ESTUARY

ESTUARY CELEBRATES THE ESSENCE OF CONTEMPORARY AMERICAN CUISINE THROUGH THE LENS OF MID-ATLANTIC CULINARY TRADITIONS. HERE, THE CITY'S DYNAMIC ENERGY PAIRS SEAMLESSLY WITH A MENU THAT TELLS A STORY OF CULTURE AND ARTISTRY FIRMLY ROOTED IN THE CHESAPEAKE.

TO COMPLIMENT THE FLAVORS ON YOUR PLATE, WE PRESENT AN EXTENSIVE SELECTION OF METICULOUSLY CURATED WINES AND HANDCRAFTED COCKTAILS IN THE PAGES THAT FOLLOW. PERUSE AT YOUR LEISURE OR ALLOW US TO GUIDE YOUR EXPERIENCE THROUGH EXPERT RECOMMENDATIONS.

I. ESTUARIES

Estuaries, regions where fresh water and salt water collide, create unique microclimates which bring oceanic influence to the wines they produce. Some of these places are legendary and well-explored, such as the Gironde Estuary in Bordeaux; others are rising stars like Spain's Rias Baixas; still more are relatively unknown and bursting with creativity, like Uruguay's Canelones.

Here you will find a selection of wines shaped by these estuarine microclimates. To start your journey, we invite you to explore the ways in which the geography of the Chesapeake, and by extension the food, resonates with its geological cousins around the world.

VII. TEA – PROVIDED BY TEALEAVES

As with wine, tea's character is determined greatly by subtle differences in soil, climate, and elevation. The combination of cool nights, dry weather, and sunny days provide the optional conditions for growing tea. This type of climate forces the tea bush to expend its energy on the growth of new shoots. The finest tea comes from gardens of high elevation, where cooler temperatures slow leaf growth, producing leaves with more concentrated flavor and aroma.

The method of harvesting and treatment also contributes to each tea's distinctive signature. The best tea is picked entirely by hand, and only the bud and top one or two leaves are plucked.
